

PROPOSED HOSPITAL—Above is the floor plan for the proposed remodeling of the Hamlin Hospital as submitted by Don Hampton, Sweetwater architect, hired by the board of the Hamlin Hospital District. The darker lines on the floor plan indicate the proposed new construction. Current estimates of the cost of remodeling the hospital has been set at \$650,000. Under this plan the hospital would be reduced from a 42-bed hospital to 34 to

meet the space requirements of the Federal Government. The current clinic area would be used for hospital rooms and the business office. A clinic would be constructed on the northeast corner of the block occupied by the hospital. A \$500,000 bond election has been called by the District for Saturday, Aug. 24, to raise the additional funds needed for the project.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

History was made last week when President Richard Nixon resigned as the 37th President of the United States and Gerald Ford became the 38th. Not only was Nixon the first president to resign but Ford is also the first president that was not elected to either of the two top national offices but was appointed.

But then if you are 20 years of age or older you have seen history made so many times that it has almost become common place. While indeed the whole nation and for that matter probably most of the world remained glued to a radio or television set throughout Thursday evening and Friday morning the event was not the traumatic experience that it would have been 25 or more years ago.

Most of us who were born in the 40's or earlier have been shocked by major national events so many times that we have almost become numb to the whole thing.

We have seen world leaders shot down, we have seen the atomic bomb explode, we have seen man walk on the moon and now we have seen a president resign from office to avoid almost certain impeachment.

While some of the relief expressed with the resignation of Nixon came from those who just wanted Nixon out of office, we feel that most of it came from the hope that the period in our history known as "Watergate" had come to an end. And if it were not for this sense of relief the matter might have gone almost unnoticed.

One can only speculate as to whether the clamor for Nixon's resignation or impeachment would have been as strong had Agnew still been our vice president instead of Ford. One thing for sure, we would not have the unity in the country with a change to Agnew that we have had with the transition to President Ford.

In fact, one could probably search the entire nation and not find a man more fitting to serve during this

SCRIMMAGE SATURDAY—

Pipers Open Two-A-Day Workouts Here Monday

Two-a-day football workouts started here Monday morning with 61 boys reporting. Coach David Bonds said that he expected to have at least three more out before the week was over.

Under U.I.L. rules, the boys cannot put on pads until Friday. They have been working out in shorts during their workouts this week. The boys are working out at 7 a.m. and again at 6 p.m.

Out of the expected 64 boys, Coach Bonds said that he had 12 seniors, 14 juniors, 18 sophomores and 20 freshmen. Out of these are 12 returning lettermen off of last year's Bi-District championship team.

A "Meet the Pipers" night has been planned for Saturday evening by the coaching staff with an intrasquad scrimmage set between the freshmen and

junior varsity at 6 p.m. This will be followed by the first and second team varsity scrimmage.

The Pied Piper Booster Club will host a barbecue here Friday, Aug. 23, during the Hamlin-Seymour scrimmage. Tickets are on sale now at \$2.50 per plate. The Pipers will travel to Olney for their second scrimmage on Friday, Aug. 30.

Opening game for the Pipers will be in Piper Stadium Friday, Sept. 6, with the Rotan Yellowhammers. The Pipers will travel to Haskell the following Friday and then host Clyde here Sept. 20. The final non-conference game will be at Cisco the following week.

The Pipers will open defense of their District crown with the start of

district play Friday, Oct. 4 at Anson. They will host Winters here for homecoming Oct. 11 and then travel to Ballinger Oct. 18 before taking the next week off. On Nov. 1 the Pipers will host Coahoma, travel to Stamford Nov. 8 and then close out district play here with Colorado City Nov. 15.

The Junior Varsity will play a nine game season schedule with their first game here Sept. 5 with Rotan. The Freshmen team will open their season the same evening at Aspermont. They currently have an eight game schedule lined up.

Publisher Wins Awards At Meeting

Bob Craig, publisher of the Hamlin Herald, received a first place plaque in Column Writing in the Better Newspaper Contest at the 44th annual West Texas Press Association held in Lubbock Friday and Saturday.

Craig writes a page one column, "News and Views... And What Have You" in the Hamlin Herald. Thirty entries were in the column writing category which is open to all West Texas Press Association members.

The Herald was judged third place in General Excellence and third place in Advertising Composition in the contest. These awards are in competition with newspapers in towns over 3,000 population in West Texas. Craig was presented certificates.

The presentation was made at the annual awards breakfast Saturday morning sponsored by West Texas Chamber of Commerce at KoKo Palace.

Craig was also re-elected secretary-treasurer and executive director of the Association at the Saturday morning business meeting.

Lions Club Ice Cream Supper Set

The Hamlin Lions Club will host its annual Ice Cream and Cake Supper in the High School cafeteria on Tuesday, Aug. 27, according to Bobby Crowley, president. Tickets for the annual event will go on sale next week for \$1.00 each. They will be available from any Lions Club member.

Mrs. Edwin Weiss, Mrs. John Schovajsa, Miss Addie Parmer of Miles and Mrs. R. E. Kidd of Sylvester attended the Fletcher reunion in Rule.

include 14 rabbits, six poultry, eight swine and five dogs.

Plans for the women's division exhibits and other exhibits are well underway as are those for the playnight Thursday. The open horse

show will take the spotlight on Saturday.

The carnival features six rides and two concessions this year.

Admission is free to the play night and other fair events.

Classes to Start Monday Morning

Classes will begin in all Hamlin schools Monday at 8:25 a.m. The teachers are participating in in-service this week and buildings have been repainted and made ready for the school opening.

Buses will run their regular routes Monday, according to Superintendent Bob Hawes.

School hours will be the same as last year. The schedule is 8:10 a.m. to 3:40 p.m. for teachers; 8:25 a.m. to 3:30 for grades 3 through 12 and 8:25 a.m. to 2:30 p.m. for grades K to 2.

The price of school lunches was increased due to high cost of food. Students in K to 5 will be served for 60 cents per plate and grades 6 to 12 will be 70 cents.

Several new teachers have been added to the Hamlin faculty and changes in assignments have been made. Mr. and Mrs. A. I. Simon, who have been in the Shepherd Independent School District in the Houston area, have been hired for the primary school. Simon, who was a band director for seven years and the past year in private business, will teach second grade. His wife, Martha, will teach kindergarten in the position held last year by Mrs. Kathy Carriker, who was assigned to the first grade to replace Mrs. Randy Brown who resigned.

Deborah Haag of Abilene, recent graduate of Texas Tech University, will teach third grade. Joe McMillian, who comes here from City View Schools in Wichita Falls, will be assigned to the fourth or fifth grade, depending on size of these two grades.

George Schroyer with 13 years of teaching experience was hired to teach sixth grade math and science. He has recently been engaged in private business.

Tommy Varner of Baird will be junior high coach, will

teach speech. He is a recent graduate of McMurry College in Abilene.

Jerry Gooch, who has been in Wellington the past year, will teach related math and general business in high school. He replaces Ray Hill who resigned to go back to school. Leldon Clifton, who recently sold his interest in Farmers and Merchants National Bank here, will teach distributive education, replacing Steve Cochran, who joined the Farm Bureau in Aspermont.

New Tri-County personnel will include Mrs. Paul Becker, resource teacher in high school and Paul Becker resource teacher in the elementary grades 3 to 5. He will split his time with McCaulley spending one-half day each day in the McCaulley school.

Mrs. Howard Jones will be in Hamlin primary school all day, kindergarten through second grade. She spent one-half day each day in McCaulley last year.

Mrs. Byron Swank was hired as secretary to Principal B. V. Newberry in high school. She succeeds Mrs. Bill Davis who resigned in the spring.

Supt. Hawes said that funds providing for teachers' aides had been cut to 85 percent, therefore, the positions held by the two who resigned in the spring will not be filled.

During the summer the custodial staff assisted by boys employed in the Neighborhood Youth Corps, and maintenance personnel, J. O. Murphree and Lee Hastings, painted the exterior at the primary, elementary and reading center buildings and the bus garage. They also painted the interior of the primary cafeteria.

The custodial staff includes Travis Conner, Albert Butler, Trine Contreras and Raymond Morales.

FIRST PLACE WINNER—Bob Craig, left, receives first place plaque in column writing in the Better Newspaper Contest sponsored by the West Texas Press Association. Wendell Tooley, right, of Floydada, contest chairman, made the presentation. Craig, publisher of the Hamlin Herald, writes a weekly page one column. The presentation was made at the 44th annual WTPA convention at Lubbock during the awards breakfast Saturday morning.

FROM THE FILES . . .

FIFTY YEARS AGO
(August 8, 1924)

Band Master Collum is back at home from his stay in Chicago, where he took a special course in band music. He is full of pep and ready to take a new hitch on the Hamlin Band. He requests the Herald to say for him that there will not be a band concert this Sunday, on account of the absence of several members of the band. Several of the boys are off at school and Mr. Collum says that their places will soon be filled with new men and concerts will then continue. Mr. Collum is delighted with the amount of interest that is being shown in our town towards the band. The big fine band stand at the park is very much appreciated by him and he says that the band will repay the city with good music. Right here we want to

And What Have You

Continued from page 1

time in our nation's history.

This is not to say that no other man could make a better president over the next two to six years, but he is undoubtedly the best man to get us through this transition period as we move out of Watergate and back to the problems facing this nation.

Now, the big guessing game is who will be our next vice president? This is a much bigger problem for President Ford than one would suspect at first glance. In the first place it must be someone who can get both House and Senate approval. But at the same time if President Ford has any thoughts of running for a full term as President in 1976 then the man selected should be one that the public would elect.

And this is where the problems start coming in. Will the Democratic controlled Congress give their stamp of approval to any man (or woman for that matter) who would be a strong running mate in 1976? Ford was approved because he would not be running with Nixon in 1976 and it was thought that he would not be much of a candidate if by some chance he might decide to run.

But now that he is president it is a whole new ball game.

As for Nixon one can only wonder what his future will hold during the next year or so. There are those who would like to see the "book" thrown at him and then there are those who feel that the nation would be much better off if the whole thing just quietly died down.

In viewing the situation objectively one must discount those democrats who view Nixon, along with all republicans as being all bad and on the other hand one must discount those who maintain that the democrats and the news media were out to get Nixon from the very beginning.

For the rest of us, somewhere in the middle, we can only wonder how the man ever got himself in such a mess. The most disgusting thing about the entire hanky-panky is the reproach it brings on the office of the presidency. Nixon could have locked himself in a closet and defeated George McGovern.

It's all rather unreal—that the braintrust he brought into government to surround him would play Mickey Mouse games when all they had to do was work effectively at their job. Surely the president's record of selecting his associates must rate with the worst in the annals of business or government.

While he must be given credit for great accomplishments in the realm of international politics, world peace, and diplomacy, he draws a blank when it comes to hiring people and in domestic issues at home.

We can thank Nixon for bringing Watergate to an end by resigning because this nation did not need another year of that. And we owe him thanks for his efforts to bring peace to the world. But all the troubles he may face in the time ahead because of his blunders while in office he can thank himself for.

say that the Hamlin Band is making good and that the Hamlin Chamber of Commerce feels that way too and is behind them for bigger and better things. Mr. Collum says he enjoyed his course in Chicago very much and feels that his students will be the gainers along with him, because of the course.

Three cheers for the Band.

The last few weeks there has been a big lot of things going in the daily press that readers of the Herald would be glad to see in this paper. And as a matter of fact, much that has been suggested reproduced is good, but ALL the good things in the daily press can't be reproduced in the small country paper. We would be over-burdened.

It is only the extremely local affairs that command the greater part of the columns of a country weekly paper. And the local paper is compelled to occupy a narrow channel, regarding local discussions and differences.

TWENTY YEARS AGO
(August 6, 1954)

Actual construction is slated to begin some time in September on a half-million dollar extension to the grain elevator and storage facilities of F. B. Moore Grain Company's elevator system in Hamlin, it was announced this week by Fred B. Moore and son, Fred B. Jr.

The extensions, which would be north of the present storage facilities alongside the Santa Fe Railway tracks in Northeast Hamlin, will more than double the storage capacity of the elevator system. With 360,000-bushel capacity, the elevators here are the largest between Fort Worth and El Paso. The new addition would increase the storage capacity 500,000 bushels, the Moores declared.

New construction would include nine large storage bins similar in design to the nine bins already in the system; plus 25 smaller bins. The new bin system would permit classification of many different kinds of grains.

The new elevator legs would be of new design that would permit the handling of 16,000 bushels of grain per hour.

The new storage bins, to be of concrete construction, will be 132 feet high, eight feet higher than the present bins. They will extend 40 feet underground, and the head houses over the elevators will be 70 feet high, making the overall height 242 from top to bottom.

Moore Grain Company has been handling thousands of bushels of grain under government loans. But their facilities have been overtaxed many times over, with an undetermined number of bushels being turned away every season because of lack of facilities.

TEN YEARS AGO
(August 6, 1964)

Last Monday afternoon two teenage boys made the owner of a billfold very happy by turning it in to the Hamlin Police Department.

Mike Rountree and Jimmy Kincaid found the billfold belonging to Mrs. Jack Sanders of Weinert near the spot where she sells produce on South Central. They carried the wallet and its contents to the police department.

Mrs. Sanders and her son were about three miles from Hamlin when she discovered her loss. She returned and inquired at the police station. It was there.

Mrs. Sanders said the billfold contained about \$90. She rewarded the boys with \$5 each.

Employees of McMorries and Co., Amarillo tax valuation firm which has just concluded a survey of Jones County, had so many farmers in for a recheck of their valuations Monday that numbers had to be issued so that the landowners could be heard in regular order.

In most instances, the valuation firm employees are able to explain just how they arrived at their figures but the property owners still have the right to appear before the commission which is sitting as a board of equalization.

EVERYONE LOVES A PARADE

To hear the band, to see the uniformed soldiers, to see the might of our tanks, to see the strength of our country, these things stir the heart and make us proud to be an American. Our God has made us strong and blessed us greatly, however our greatest strength is in the Lord. "GOD is our refuge and strength, a very present help in trouble." In these unsettled times we need to show our faith in the Lord, and speak with the courage of one whose father can do all things. Renew your strength each week by attending services in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

School Board Hires New Teachers, Adopts Budget

In their regular monthly meeting here Monday evening the Trustees of the Hamlin Independent School District approved the hiring of four teachers, amended the 1973-74 school year budget and adopted the budget for the coming year.

The board also approved the hiring of the firm of Darrell Knight, CPA, of Abilene to audit the school's books for the past year.

The board voted to enter a cooperative Vocational Training program submitted by Earl Cotton of the Regional Service Center.

A new school bus was approved by the board and will be ordered for delivery sometime in the fall of 1975. The board also adopted a

free school lunch program for the coming year based on guidelines established by the Federal government. A family size and income scale was adopted to determine eligibility for the program.

New teachers hired by the board and their assignment were: Deborah Haag, third grade; Joe McMillian, to be assigned in fourth or fifth grade; George Schroyer, sixth grade; and Tommy Varner, junior high coach and teacher.

Other new teachers hired this summer include: Martha Simon, kindergarten; A. I. Simon, second grade; Jerry Gooch, related math and general business in high school and Leldon Clifton, distributive education.

Proof of Immunization Needed to Start School

All students entering the Hamlin Public Schools as transfers, first graders and kindergarten must furnish evidence of immunity against five diseases, according to Superintendent Bob Hawes.

Those students enrolled in Hamlin schools the past year will not be required to bring personal immunization records.

Supt. Hawes said that the state law requires parents to furnish official evidence of current immunity against polio, diphtheria, tetanus, measles, and rubella.

Official evidence is defined as a personal immunization record which has been validated by signature or rubber stamp of a physician or public health clinic.

Current immunity law for these illnesses is defined as follows: Children in kindergarten and grades 1 through 5: Polio - at least three doses of oral vaccine, provided one or more doses have been received since the fourth birthday.

Diphtheria-Tetanus Minimum of three doses, with at least one dose having been received since the fourth birthday.

Measles - One dose of vaccine or history of red measles (10 day measles) illness.

Rubella - One dose of vaccine. Not required after 12 years of age.

Children and others in grades 6 through 12: Polio - At least three doses of oral vaccine, provided one or more doses have been received since the fourth birthday. (Polio vaccine is not required for persons 19 years of age or older).

Diphtheria-Tetanus Minimum of 3 doses with last dose within 10 years. Booster dose only after initial series. (Pertussis should not be given past age of six years.)

Measles - The majority of children in this group will have been previously im-

munized or obtained natural immunity through infection. Recommended but not required on an individualized basis if history of vaccine or illness if thought to be negative.

AGENT SAYS—Cattle Feeding Outlook Beginning to Brighten

The cattle feeding business is finally straightening out, says Kirby Clayton, county agent for the Texas Agricultural Extension Service.

Retailers are moving beef at almost record high prices, along with large supplies of pork and poultry. Consumer demand remains strong. But, although conditions are improving, cattle feeders are still losing money on cattle coming out of the lots.

The seven-state cattle on feed report for June 1 showed May placements down 40 per cent from the 1973 level.

as a para-medic for the County of Charleston.

Also visiting in the Wheat home is their son, Dwayne and his wife Bonnie, and their daughters, Brenda, 5, and Charla, 2, of Winlock, Wash. He is teaching special education and doing grant-writing and his wife is going to teach second grade in Winlock District. He is also pastor of a small Baptist church in the neighboring town of Toledo. The Wheats also visited with her parents, Mr. and Mrs. D. C. Boydston of Jayton.

Feedlots were not replacing finished animals. Increased are expected in animals placed on feed in the next few months, but no real gain is probable until the fall.

Fed cattle marketings should be fairly stable during the rest of 1974, with an average of 2,135 head per month, notes Clayton.

Fed cattle prices are showing some improvement entering the third quarter of the year. The high was probable in July with some slight weakness through the rest of the third quarter. Price strength is again expected to begin in the fourth quarter and last into the first quarter of 1975.

Feeder cattle prices should follow the same basic pattern of slaughter cattle, says Clayton. The drop into the fall, however, may be more substantial. Heavier feeders will respond directly to any strength or weakness in the finished cattle market. The larger supplies of heavy feeders, however, coming to market in the late summer and early fall, will put pressure on the feeder cattle market. Feeder prices should again show some strength as

PRISON PLAN CARRIED OUT — Agreed - on procedures were used to handle the Fred Gomez Carrasco siege at Huntsville prison, according to Governor Briscoe.

Briscoe said a variety of contingency plans had been approved for any emergency at the prison.

He said he is convinced that under the circumstances Department of Corrections Director W. J. Estelle Jr. "did all that was humanly possible to protect the lives of hostages and, at the same time, (to) protect the people

of the State of Texas." DPS named Ranger Capt. J. F. "Pete" Rogers to investigate how guns and ammunition were slipped into the prison to Carrasco.

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS THE STATE OF TEXAS COUNTY OF JONES

TO THE RESIDENT QUALIFIED ELECTORS OF THE HAMLIN HOSPITAL DISTRICT, INCLUDING THOSE WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 24th day of August, 1974, in the HAMLIN HOSPITAL DISTRICT, in obedience to an order duly entered by the Board of Directors of the HAMLIN HOSPITAL DISTRICT, which is attached hereto and made a part of this Notice for all intents and purposes.

WITNESS MY HAND, this the 2nd day of August, 1974. Bill Harbert Secretary, Board of Directors, Hamlin Hospital District

ORDER FOR ELECTION FOR

ISSUANCE OF BONDS THE STATE OF TEXAS COUNTY OF JONES HAMLIN HOSPITAL DISTRICT

WHEREAS, under the provisions of Chapter 561, Acts of the 63rd Legislature, Regular Session, 1973, provision is made for an election to be held within the area of the HAMLIN HOSPITAL DISTRICT upon the question of whether the Board of Directors shall have power and authority to issue and sell bonds in the name of and upon the faith and credit of the District; and

WHEREAS, at the time of the election for the creation of the District, a proposition was submitted as to whether the Board of Directors of the District would have the authority to issue bonds in the principal amount of \$500,000, and it now appears that additional bonds will be needed in order to accomplish the purposes of the District, so that an election should be called to determine if this Board shall be authorized and have the power to issue and sell additional bonds (in addition to the bonds approved at the election held December 18,

1973) in the amount of \$500,000; now, therefore,

BE IT ORDERED BY THE BOARD OF DIRECTORS OF THE HAMLIN HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 24th day of August, 1974, which date is not less than fifteen (15) nor more than thirty (30) days from the date of this order, at which election there shall be submitted to the resident qualified electors of the area of the Hamlin Hospital District, including those who own taxable property and who have duly rendered the same for taxation, for their action thereupon, the following proposition:

"SHALL THE BOARD OF DIRECTORS OF THE HAMLIN HOSPITAL DISTRICT be authorized and empowered to issue the bonds of said District to the amount of FIVE HUNDRED THOUSAND DOLLARS (\$500,000) for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping the same for hospital purposes, and for any or all of such purposes, and shall there be levied, assessed and collected annually ad valorem taxes on all taxable property in the District, subject to Hospital District taxation, sufficient to pay the principal of and interest on said bonds as the same become due (providing such tax, together with all other taxes of the District shall not exceed in any one year the rate of 75 cents on each \$100 valuation), said bonds to be issued in one or more series or issues to mature serially or otherwise not more than FORTY (40) years from their date, and to bear interest at such rate or rates as in its discretion the Board of Directors shall determine?"

SECTION 2: That the official ballots for said election shall be prepared in accordance with V.A.T.S. Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

"THE ISSUANCE OF \$500,000 BONDS"
The Word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of the proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST", and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 3: That the area of the entire Hamlin Hospital District shall constitute one election precinct and the election shall be held at the City Hall, Hamlin, Texas. The following named persons are hereby appointed officers of the election:

A. B. CARLTON, Presiding Judge
MRS. ARLIE CASSLE, Alternate Presiding Judge

The Presiding Judge shall appoint not less than two nor more than six qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Judge shall be one of the clerks.

On election day the polls

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

shall be open from 8:00 A.M. to 7:00 P.M.

Mrs. C. L. White is hereby appointed as the Clerk for absentee voting for said election, and the City Hall in Hamlin, Texas, is hereby designated as the place at which absentee voting shall be conducted for said election. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 A.M. to 5:00 P.M. on each day except Saturdays, Sundays and official State holidays.

SECTION 4: Said election shall be held under the provisions of Article IX, Section 9 of the Constitution of Texas, and Chapter 561, Acts of the 63rd Legislature, Regular Session, 1973, which constitutional and statutory provisions shall also govern the holding of the election where in conflict with the General Laws of the State regulating elections.

SECTION 5: All resident qualified electors of the area of the District, including those who own taxable property in the District and who have duly rendered the same for taxation, shall be permitted to vote at said election. At said election two separate ballot boxes shall be provided at each polling place. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who

have duly rendered the same for taxation).

SECTION 6: A substantial copy of this order shall serve as proper notice of said election, and said notice shall be published in a newspaper of general circulation in the area of the District once a week for two consecutive weeks, the first publication to appear at least fourteen (14) days prior to the date established for the said election. The Secretary of the Board of Directors of Hamlin Hospital District shall cause notice of the election to be posted at the Courthouse door in Anson, Jones County, Texas and at the City Hall of each incorporated City within the District not less than fourteen (14) full days prior to the date on which said election is to be held.

PASSED AND APPROVED this the 2nd day of August, 1974.

Conserve & Save Energy ...Use it wisely

Reddy's consumer tips on... washers

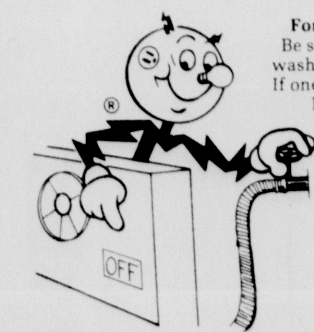

Plan Ahead
Sort clothes according to type of fabric, color, fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer.

Be Selective
Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean—most loads require only an ounce or less! Overloading causes extra strain and wear on your equipment; check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

For Safety Sake
Be sure control is "off" before reaching into your washer. If one is necessary, use only a heavy duty extension cord. Be sure your washer is grounded. Keep dry cleaning agents, color remover and Fibrelas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

Remember, Reddy supplies the energy—but only you can use it wisely!

Stamford Mental Health Center Sets Open House

The Stamford Area Mental Health and Mental Retardation Outreach Center will host an open house Wednesday, Aug. 21, from 5 til 7 p.m. at 600 E. McHarg in Stamford.

According to Mrs. Joe (Mollie) Aalbue, director, the purpose of the open house is to allow those who are interested to view the facilities and become familiar with the services of the Center.

Special invitations have gone to all those who donated their time and money to build the center. Among those who are expected to attend are Judge Thurman and the Jones County Commissioners Court.

"Using statewide statistics to estimate the percentage of a given population who would use the services of a mental health facility, the estimated number to be assisted was from 40 to 60 persons in the first year. At this time Mrs. Aalbue said, 'we have served 66 persons from various communities in Jones County. After ten months in operation we are operating at above maximum level effectiveness in terms of number of persons served.'

One of the statewide goals of all community centers is to prevent hospitalization. Besides the concept for prevention is the preferred treatment. A factor to be considered in preventing hospitalization is the comparative cost of in-patient versus out-patient care. The cost of maintaining an individual on an out-patient basis in Jones County is approximately \$70 per month. The same individual, if he were hospitalized, would cost the state between \$300 and \$400 to maintain. Preventative out-patient services operate at 20 percent of the cost of in-patient care. By preventing hospitalization we are saving tax money.

The Outreach Center seeks to promote activities or programs which (1) enhance an individual's capacity to solve his own problems; (2) encourage a person's ability to perform constructive and

meaningful life tasks. To do this the Outreach Center has instituted several programs; (1) a Summer Fun Program for special education children between the ages of 5 and 10, using teenage volunteers. The center working with the Tri-County Education Coop hosted 24 children who enthusiastically participated in educational type fun. This included a visit from a policeman, a tour of the fire department and a field trip and picnic to the Abilene Zoo. There was almost 100 percent response; (2) the Center has an activity group which meets weekly with a volunteer. This group is for people who would not benefit from group counseling, but who need some type of creative activity; (3) the Outreach Center is very involved in efforts to establish a comprehensive program for the elderly.

Director Mollie Aalbue is retiring and the new director will be Brenda Hodges who is to take over Sept. 1. She is a graduate of Lueders High School and she has her degree in sociology from Hardin-Simmons University. She has been working for the Department of Public Welfare for five years.

Paintings On Display

Paintings completed during the summer sessions taught by Ned Moore Jr. are now on display at the Art Gallery, 434 South Central, according to Mrs. James L. Blanton, owner. The public is invited to see the paintings during the next two weeks.

PROPOSED HOSPITAL—Above is the floor plan for the proposed remodeling of the Hamlin Hospital as submitted by Don Hampton, Sweetwater architect, hired by the board of the Hamlin Hospital District. The darker lines on the floor plan indicate the proposed new construction. Current estimates of the cost of remodeling the hospital has been set at \$650,000. Under this plan the hospital would be reduced from a 42-bed hospital to 34 to

meet the space requirements of the Federal Government. The current clinic area would be used for hospital rooms and the business office. A clinic would be constructed on the northeast corner of the block occupied by the hospital. A \$500,000 bond election has been called by the District for Saturday, Aug. 24, to raise the additional funds needed for the project.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

History was made last week when President Richard Nixon resigned as the 37th President of the United States and Gerald Ford became the 38th. Not only was Nixon the first president to resign but Ford is also the first president that was not elected to either of the two top national offices but was appointed.

But then if you are 20 years of age or older you have seen history made so many times that it has almost become common place. While indeed the whole nation and for that matter probably most of the world remained glued to a radio or television set throughout Thursday evening and Friday morning the event was not the traumatic experience that it would have been 25 or more years ago.

Most of us who were born in the 40's or earlier have been shocked by major national events so many times that we have almost become numb to the whole thing.

We have seen world leaders shot down, we have seen the atomic bomb explode, we have seen man walk on the moon and now we have seen a president resign from office to avoid almost certain impeachment.

While some of the relief expressed with the resignation of Nixon came from those who just wanted Nixon out of office, we feel that most of it came from the hope that the period in our history known as "Watergate" had come to an end. And if it were not for this sense of relief the matter might have gone almost unnoticed.

One can only speculate as to whether the clamor for Nixon's resignation or impeachment would have been as strong had Agnew still been our vice president instead of Ford. One thing for sure, we would not have the unity in the country with a change to Agnew that we have had with the transition to President Ford.

In fact, one could probably search the entire nation and not find a man more fitting to serve during this

SCRIMMAGE SATURDAY—

Pipers Open Two-A-Day Workouts Here Monday

Two-a-day football workouts started here Monday morning with 61 boys reporting. Coach David Bonds said that he expected to have at least three more out before the week was over.

Under U.I.L. rules, the boys cannot put on pads until Friday. They have been working out in shorts during their workouts this week. The boys are working out at 7 a.m. and again at 6 p.m.

Out of the expected 64 boys, Coach Bonds said that he had 12 seniors, 14 juniors, 18 sophomores and 20 freshmen. Out of these are 12 returning lettermen off of last year's Bi-District championship team.

A "Meet the Pipers" night has been planned for Saturday evening by the coaching staff with an intrasquad scrimmage set between the freshmen and

junior varsity at 6 p.m. This will be followed by the first and second team varsity scrimmage.

The Pied Piper Booster Club will host a barbecue here Friday, Aug. 23, during the Hamlin-Seymour scrimmage. Tickets are on sale now at \$2.50 per plate. The Pipers will travel to Olney for their second scrimmage on Friday, Aug. 30.

Opening game for the Pipers will be in Piper Stadium Friday, Sept. 6, with the Rotan Yellowhammers. The Pipers will travel to Haskell the following Friday and then host Clyde here Sept. 20. The final non-conference game will be at Cisco the following week.

The Pipers will open defense of their District crown with the start of

district play Friday, Oct. 4 at Anson. They will host Winters here for homecoming Oct. 11 and then travel to Ballinger Oct. 18 before taking the next week off. On Nov. 1 the Pipers will host Coahoma, travel to Stamford Nov. 8 and then close out district play here with Colorado City Nov. 15.

The Junior Varsity will play a nine game season schedule with their first game here Sept. 5 with Rotan. The Freshmen team will open their season the same evening at Aspermont. They currently have an eight game schedule lined up.

Parade to Open Jones County Fair In Anson

The 16th annual Jones County Fair will get underway in Anson today (Thursday) with a parade starting at 6 p.m., according to Jack Anglin, president. The parade will form at 2014 South Commercial.

Trophies will be awarded to outstanding clubs in adult and junior divisions.

A play night will be held in Charlie Myatt Arena immediately after the parade. Trophies will be awarded in four age groups in barrels, poles and flags.

Three Hamlin girls are among the 15 Jones County girls entered in the annual Cotton Queen contest slated for Friday evening. Local girls and their sponsors are: Melissa Madden, daughter of Mr. and Mrs. Lewis Earl Madden, Hamlin Flower Shop; Debi Cary, daughter of Mr. and Mrs. Robert Cary, Turner Insurance Agency; and Mignon Williams, daughter of Mr. and Mrs. Jackie Williams, Hamlin FFA Chapter.

This feature of the fair is being coordinated this year by Mrs. Herman Propst and tentative plans are for the revue and coronation to be an open air event somewhere in the City Park adjacent to the fair grounds.

New features of this year's fair, announced by Anglin, include kiddie rides for small children, and a dog show.

With the livestock entry deadline past, Kirby Clayton, secretary, said livestock entries totaled 170. The sheep division of the show has attracted the largest number of entries, setting a new record, with 80 head to compete for ribbons and trophies.

Beef cattle with 57 entries is second and other entries

include 14 rabbits, six poultry, eight swine and five dogs.

Plans for the women's division exhibits and other exhibits are well underway as are those for the playnight Thursday. The open horse

show will take the spotlight on Saturday.

The carnival features six rides and two concessions this year.

Admission is free to the play night and other fair events.

Classes to Start Monday Morning

Classes will begin in all Hamlin schools Monday at 8:25 a.m. The teachers are participating in in-service this week and buildings have been repainted and made ready for the school opening.

Buses will run their regular routes Monday, according to Superintendent Bob Hawes.

School hours will be the same as last year. The schedule is 8:10 a.m. to 3:40 p.m. for teachers; 8:25 a.m. to 3:30 for grades 3 through 12 and 8:25 a.m. to 2:30 p.m. for grades K to 2.

The price of school lunches was increased due to high cost of food. Students in K to 5 will be served for 60 cents per plate and grades 6 to 12 will be 70 cents.

Several new teachers have been added to the Hamlin faculty and changes in assignments have been made. Mr. and Mrs. A. I. Simon, who have been in the Shepherd Independent School District in the Houston area, have been hired for the primary school. Simon, who was a band director for seven years and the past year in private business, will teach second grade. His wife, Martha, will teach kindergarten in the position held last year by Mrs. Kathy Carriker, who was assigned to the first grade to replace Mrs. Randy Brown who resigned.

Deborah Haag of Abilene, recent graduate of Texas Tech University, will teach third grade. Joe McMillian, who comes here from City View Schools in Wichita Falls, will be assigned to the fourth or fifth grade, depending on size of these two grades.

George Schroyer with 13 years of teaching experience was hired to teach sixth grade math and science. He has recently been engaged in private business.

Tommy Varner of Baird will be junior high coach, will

teach speech. He is a recent graduate of McMurry College in Abilene.

Jerry Gooch, who has been in Wellington the past year, will teach related math and general business in high school. He replaces Ray Hill who resigned to go back to school. Leldon Clifton, who recently sold his interest in Farmers and Merchants National Bank here, will teach distributive education, replacing Steve Cochran, who joined the Farm Bureau in Aspermont.

New Tri-County personnel will include Mrs. Paul Becker, resource teacher in high school and Paul Becker resource teacher in the elementary grades 3 to 5. He will split his time with McCaulley spending one-half day each day in the McCaulley school.

Mrs. Howard Jones will be in Hamlin primary school all day, kindergarten through second grade. She spent one-half day each day in McCaulley last year.

Mrs. Byron Swank was hired as secretary to Principal B. V. Newberry in high school. She succeeds Mrs. Bill Davis who resigned in the spring.

Supt. Hawes said that funds providing for teachers' aides had been cut to 85 percent, therefore, the positions held by the two who resigned in the spring will not be filled.

During the summer the custodial staff assisted by boys employed in the Neighborhood Youth Corps, and maintenance personnel, J. O. Murphree and Lee Hastings, painted the exterior at the primary, elementary and reading center buildings and the bus garage. They also painted the interior of the primary cafeteria.

The custodial staff includes Travis Conner, Albert Butler, Trine Contreras and Raymond Morales.

FIRST PLACE WINNER—Bob Craig, left, receives first place plaque in column writing in the Better Newspaper Contest sponsored by the West Texas Press Association. Wendell Tooley, right, of Floydada, contest chairman, made the presentation. Craig, publisher of the Hamlin Herald, writes a weekly page one column. The presentation was made at the 44th annual WTPA convention at Lubbock during the awards breakfast Saturday morning.

FROM THE FILES . . .

FIFTY YEARS AGO
(August 8, 1924)

Band Master Collum is back at home from his stay in Chicago, where he took a special course in band music. He is full of pep and ready to take a new hitch on the Hamlin Band. He requests the Herald to say for him that there will not be a band concert this Sunday, on account of the absence of several members of the band. Several of the boys are off at school and Mr. Collum says that their places will soon be filled with new men and concerts will then continue. Mr. Collum is delighted with the amount of interest that is being shown in our town towards the band. The big fine band stand at the park is very much appreciated by him and he says that the band will repay the city with good music. Right here we want to

say that the Hamlin Band is making good and that the Hamlin Chamber of Commerce feels that way too and is behind them for bigger and better things. Mr. Collum says he enjoyed his course in Chicago very much and feels that his students will be the gainers along with him, because of the course.

Three cheers for the Band. The last few weeks there has been a big lot of things going in the daily press that readers of the Herald would be glad to see in this paper. And as a matter of fact, much that has been suggested reproduced is good, but ALL the good things in the daily press can't be reproduced in the small country paper. We would be over-burdened.

It is only the extremely local affairs that command the greater part of the columns of a country weekly paper. And the local paper is compelled to occupy a narrow channel, regarding local discussions and differences.

Continued from page 1

time in our nation's history.

This is not to say that no other man could make a better president over the next two to six years, but he is undoubtedly the best man to get us through this transition period as we move out of Watergate and back to the problems facing this nation.

Now, the big guessing game is who will be our next vice president? This is a much bigger problem for President Ford than one would suspect at first glance. In the first place it must be someone who can get both House and Senate approval. But at the same time if President Ford has any thoughts of running for a full term as President in 1976 then the man selected should be one that the public would elect.

And this is where the problems start coming in. Will the Democratic controlled Congress give their stamp of approval to any man (or woman for that matter) who would be a strong running mate in 1976? Ford was approved because he would not be running with Nixon in 1976 and it was thought that he would not be much of a candidate if by some chance he might decide to run.

But now that he is president it is a whole new ball game.

As for Nixon one can only wonder what his future will hold during the next year or so. There are those who would like to see the "book" thrown at him and then there are those who feel that the nation would be much better off if the whole thing just quietly died down.

In viewing the situation objectively one must discount those democrats who view Nixon, along with all republicans as being all bad and on the other hand one must discount those who maintain that the democrats and the news media were out to get Nixon from the very beginning.

For the rest of us, somewhere in the middle, we can only wonder how the man ever got himself in such a mess. The most disgusting thing about the entire hanky-panky is the reproach it brings on the office of the presidency. Nixon could have locked himself in a closet and defeated George McGovern.

It's all rather unreal—that the braintrust he brought into government to surround him would play Mickey Mouse games when all they had to do was work effectively at their job. Surely the president's record of selecting his associates must rate with the worst in the annals of business or government.

While he must be given credit for great accomplishments in the realm of international politics, world peace, and diplomacy, he draws a blank when it comes to hiring people and in domestic issues at home.

We can thank Nixon for bringing Watergate to an end by resigning because this nation did not need another year of that. And we owe him thanks for his efforts to bring peace to the world. But all the troubles he may face in the time ahead because of his blunders while in office he can thank himself for.

TWENTY YEARS AGO
(August 6, 1954)

Actual construction is slated to begin some time in September on a half-million dollar extension to the grain elevator and storage facilities of F. B. Moore Grain Company's elevator system in Hamlin, it was announced this week by Fred B. Moore and son, Fred B. Jr.

The extensions, which would be north of the present storage facilities alongside the Santa Fe Railway tracks in Northeast Hamlin, will more than double the storage capacity of the elevator system. With 360,000-bushel capacity, the elevators here are the largest between Fort Worth and El Paso. The new addition would increase the storage capacity 500,000 bushels, the Moores declared.

New construction would include nine large storage bins similar in design to the nine bins already in the system; plus 25 smaller bins. The new bin system would permit classification of many different kinds of grains.

The new elevator legs would be of new design that would permit the handling of 16,000 bushels of grain per hour.

The new storage bins, to be of concrete construction, will be 132 feet high, eight feet higher than the present bins. They will extend 40 feet underground, and the head houses over the elevators will be 70 feet high, making the overall height 242 from top to bottom.

Moore Grain Company has been handling thousands of bushels of grain under government loans. But their facilities have been overtaxed many times over, with an undetermined number of bushels being turned away every season because of lack of facilities.

TEN YEARS AGO
(August 6, 1964)

Last Monday afternoon two teenage boys made the owner of a billfold very happy by turning it in to the Hamlin Police Department.

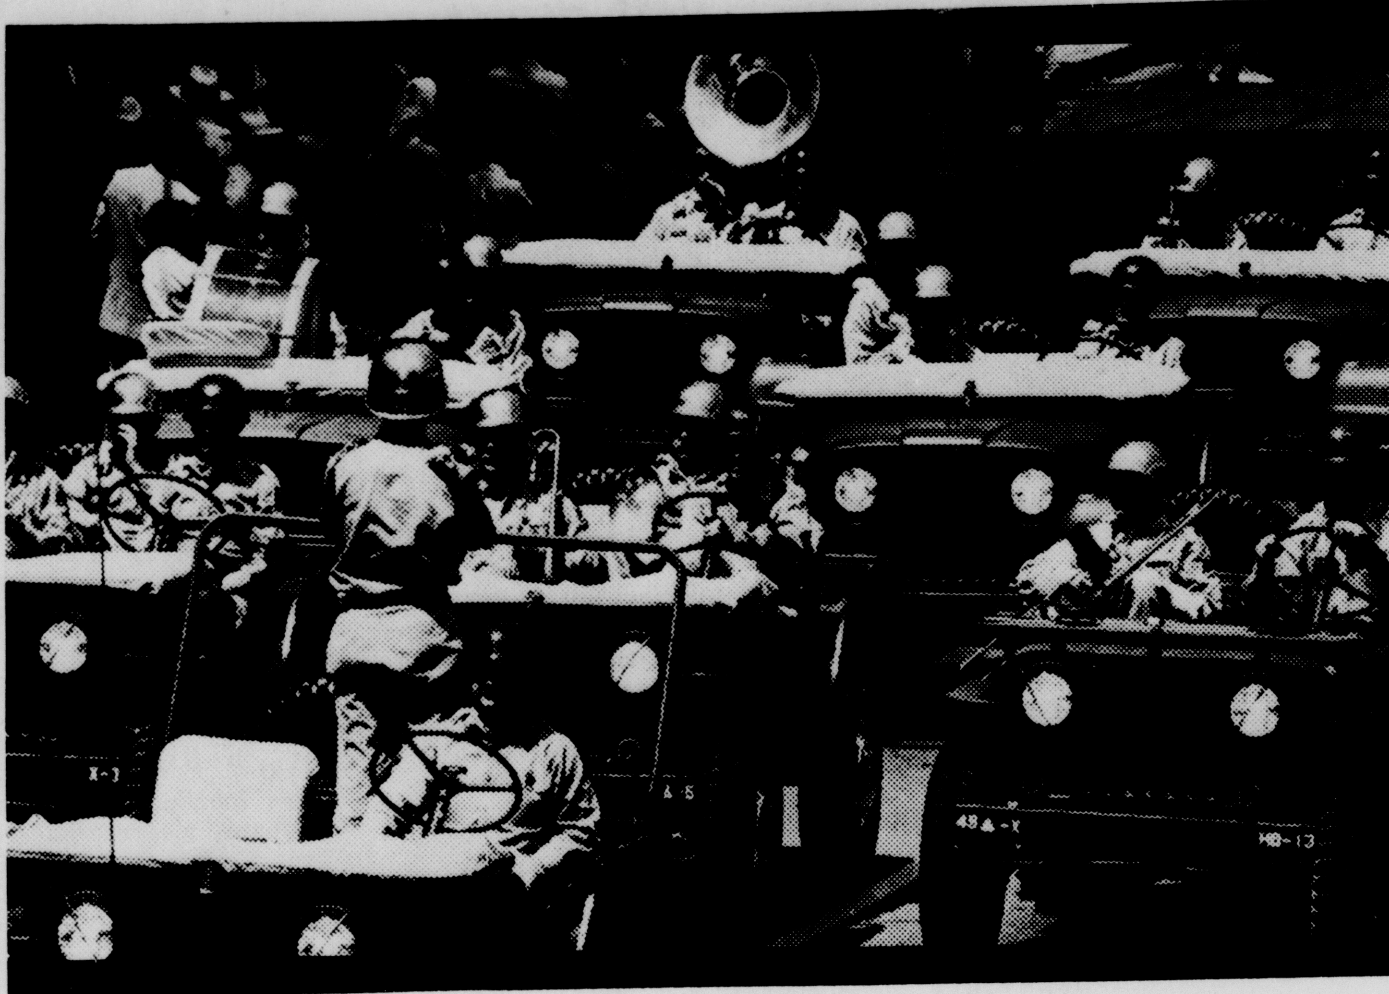

Mike Rountree and Jimmy Kincaid found the billfold belonging to Mrs. Jack Sanders of Weinert near the spot where she sells produce on South Central. They carried the wallet and its contents to the police department.

Mrs. Sanders and her son were about three miles from Hamlin when she discovered her loss. She returned and inquired at the police station. It was there.

Mrs. Sanders said the billfold contained about \$90. She rewarded the boys with \$5 each.

Employees of McMorries and Co., Amarillo tax valuation firm which has just concluded a survey of Jones County, had so many farmers in for a recheck of their valuations Monday that numbers had to be issued so that the landowners could be heard in regular order.

In most instances, the valuation firm employees are able to explain just how they arrived at their figures but the property owners still have the right to appear before the commission which is sitting as a board of equalization.

EVERYONE LOVES A PARADE

To hear the band, to see the uniformed soldiers, to see the might of our tanks, to see the strength of our country, these things stir the heart and make us proud to be an American. Our God has made us strong and blessed us greatly, however our greatest strength is in the Lord. "GOD is our refuge and strength, a very present help in trouble." In these unsettled times we need to show our faith in the Lord, and speak with the courage of one whose father can do all things. Renew your strength each week by attending services in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

School Board Hires New Teachers, Adopts Budget

In their regular monthly meeting here Monday evening the Trustees of the Hamlin Independent School District approved the hiring of four teachers, amended the 1973-74 school year budget and adopted the budget for the coming year.

The board also approved the hiring of the firm of Darrell Knight, CPA, of Abilene to audit the school's books for the past year.

The board voted to enter a cooperative Vocational Training program submitted by Earl Cotton of the Regional Service Center.

A new school bus was approved by the board and will be ordered for delivery sometime in the fall of 1975.

The board also adopted a free school lunch program for the coming year based on guidelines established by the Federal government. A family size and income scale was adopted to determine eligibility for the program.

New teachers hired by the board and their assignment were: Deborah Haag, third grade; Joe McMillian, to be assigned in fourth or fifth grade; George Schroyer, sixth grade; and Tommy Varner, junior high coach and teacher.

Other new teachers hired this summer include: Martha Simon, kindergarten; A. I. Simon, second grade; Jerry Gooch, related math and general business in high school and Leldon Clifton, distributive education.

Proof of Immunization Needed to Start School

All students entering the Hamlin Public Schools as transfers, first graders and kindergarten must furnish evidence of immunity against five diseases, according to Superintendent Bob Hawes.

Those students enrolled in Hamlin schools the past year will not be required to bring personal immunization records.

Supt. Hawes said that the state law requires parents to furnish official evidence of current immunity against polio, diphtheria, tetanus, measles, and rubella.

Official evidence is defined as a personal immunization record which has been validated by signature or rubber stamp of a physician or public health clinic.

Current immunity law for these illnesses is defined as follows: Children in kindergarten and grades 1 through 5: Polio - at least three doses of oral vaccine, provided one or more doses have been received since the fourth birthday.

Diphtheria-Tetanus Minimum of three doses, with at least one dose having been received since the fourth birthday.

Measles - One dose of vaccine or history of red measles (10 day measles) illness.

Rubella - One dose of vaccine. Not required after 12 years of age.

Children and others in grades 6 through 12: Polio - At least three doses of oral vaccine, provided one or more doses have been received since the fourth birthday. (Polio vaccine is not required for persons 19 years of age or older).

Diphtheria-Tetanus Minimum of 3 doses with last dose within 10 years. Booster dose only after initial series. (Pertussis should not be given past age of six years.)

Measles - The majority of children in this group will have been previously im-

munized or obtained natural immunity through infection. Recommended but not required on an individualized basis if history of vaccine or illness if thought to be negative.

AGENT SAYS—Cattle Feeding Outlook Beginning to Brighten

The cattle feeding business is finally straightening out, says Kirby Clayton, county agent for the Texas Agricultural Extension Service.

Retailers are moving beef at almost record high prices, along with large supplies of pork and poultry. Consumer demand remains strong. But, although conditions are improving, cattle feeders are still losing money on cattle coming out of the lots.

The seven-state cattle on feed report for June 1 showed May placements down 40 per cent from the 1973 level.

as a para-medic for the County of Charleston.

Also visiting in the Wheat home is their son, Dwayne and his wife Bonnie, and their daughters, Brenda, 5, and Charla, 2, of Winlock, Wash. He is teaching special education and doing grant-writing and his wife is going to teach second grade in Winlock District. He is also pastor of a small Baptist church in the neighboring town of Toledo. The Wheats also visited with her parents, Mr. and Mrs. D. C. Boydston of Jayton.

Feedlots were not replacing finished animals. Increased are expected in animals placed on feed in the next few months, but no real gain is probable until the fall.

Fed cattle marketings should be fairly stable during the rest of 1974, with an average of 2,135 head per month, notes Clayton.

Fed cattle prices are showing some improvement entering the third quarter of the year. The high was probable in July with some slight weakness through the rest of the third quarter. Price strength is again expected to begin in the fourth quarter and last into the first quarter of 1975.

Feeder cattle prices should follow the same basic pattern of slaughter cattle, says Clayton. The drop into the fall, however, may be more substantial. Heavier feeders will respond directly to any strength or weakness in the finished cattle market. The larger supplies of heavy feeders, however, coming to market in the late summer and early fall, will put pressure on the feeder cattle market. Feeder prices should again show some strength as

fed cattle prices improve toward the end of the year.

PRISON PLAN CARRIED OUT — Agreed - on procedures were used to handle the Fred Gomez Carrasco siege at Huntsville prison, according to Governor Briscoe.

Briscoe said a variety of contingency plans had been approved for any emergency at the prison.

He said he is convinced that under the circumstances Department of Corrections Director W. J. Estelle Jr.

"did all that was humanly possible to protect the lives of hostages and, at the same time, (to) protect the people

of the State of Texas." DPS named Ranger Capt. J. F. "Pete" Rogers to investigate how guns and ammunition were slipped into the prison to Carrasco.

Conserve & Save Energy ...Use it wisely

Reddy's consumer tips on... washers

Plan Ahead
Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer.

Be Selective
Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean—most loads require only an ounce or less! Overloading causes extra strain and wear on your equipment: check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

For Safety Sake
Be sure control is "off" before reaching into your washer. If one is necessary, use only a heavy duty extension cord. Keep dry cleaning agents, color remover and Fibre glass out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

Remember, Reddy supplies the energy—but only you can use it wisely!

Stamford Mental Health Center Sets Open House

The Stamford Area Mental Health and Mental Retardation Outreach Center will host an open house Wednesday, Aug. 21, from 5 til 7 p.m. at 600 E. McHarg in Stamford.

According to Mrs. Joe (Mollie) Aalbue, director, the purpose of the open house is to allow those who are interested to view the facilities and become familiar with the services of the Center.

Special invitations have gone to all those who donated their time and money to build the center. Among those who are expected to attend are Judge Thurman and the Jones County Commissioners Court.

"Using statewide statistics to estimate the percentage of a given population who would use the services of a mental health facility, the estimated number to be assisted was from 40 to 60 persons in the first year. At this time" Mrs. Aalbue said, "we have served 66 persons from various communities in Jones County. After ten months in operation we are operating at above maximum level effectiveness in terms of number of persons served."

One of the statewide goals of all community centers is to prevent hospitalization. Besides the concept for prevention is the preferred treatment. A factor to be considered in preventing hospitalization is the comparative cost of in-patient versus out-patient care. The cost of maintaining an individual on an out-patient basis in Jones County is approximately \$70 per month. The same individual, if he were hospitalized, would cost the state between \$300 and \$400 to maintain. Preventative out-patient services operate at 20 percent of the cost of in-patient care. By preventing hospitalization we are saving tax money.

The Outreach Center seeks to promote activities or programs which (1) enhance an individual's capacity to solve his own problems; (2) encourage a person's ability to perform constructive and

meaningful life tasks. To do this the Outreach Center has instituted several programs; (1) a Summer Fun Program for special education children between the ages of 5 and 10, using teenage volunteers. The center working with the Tri-County Education Coop hosted 24 children who enthusiastically participated in educational type fun. This included a visit from a policeman, a tour of the fire department and a field trip and picnic to the Abilene Zoo. There was almost 100 percent response; (2) the Center has an activity group which meets weekly with a volunteer. This group is for people who would not benefit from group counseling, but who need some type of creative activity; (3) the Outreach Center is very involved in efforts to establish a comprehensive program for the elderly.

Director Mollie Aalbue is retiring and the new director will be Brenda Hodges who is to take over Sept. 1. She is a graduate of Lueders High School and she has her degree in sociology from Hardin-Simmons University. She has been working for the Department of Public Welfare for five years.

Paintings On Display

Paintings completed during the summer sessions taught by Ned Moore Jr. are now on display at the Art Gallery, 434 South Central, according to Mrs. James L. Blanton, owner.

The public is invited to see the paintings during the next two weeks.

Mr. and Mrs. T. W. Flenniken and Clyde, who moved to Stephenville in May, visited in Hamlin over the weekend. The Flennikens are owner-operators of Cross Tembers Motor Inn in Stephenville.

Giddings Is ACC Ticket Representative

David Giddings of Hamlin has been named football season ticket representative for Abilene Christian College, Wally Bullington, ACC athletic director, said.

Giddings will coordinate ACC football season ticket sales in Hamlin.

"We had good support last year from people in towns and cities near Abilene," Bullington said. "But we believe there are others who will enjoy Wildcat football also. We'll be an exciting team to watch again this fall."

Season tickets to the five ACC home games in 1974 are \$15 each for adults, \$5 each for students and \$2.50 each for children under 12.

ACC plays its home games in Shotwell Stadium in southeast Abilene. The five 1974 games in Abilene are: University of Nebraska at Omaha, Sept. 21, 7:30 p.m.; Southwest Texas State, Oct. 5, 7:30 p.m.; East Texas State, Oct. 19, 2 p.m. (ACC homecoming); Angelo State, Nov. 2, 7:30 p.m. (ACC high school day); and Tarleton State, Nov. 9, 7:30 p.m.

People in Hamlin interested in ACC football season tickets may contact Giddings at 576-3198 or call or write the ACC Football Ticket Office, ACC Station, Box 8131, Abilene, Texas 79601 (phone 915-677-1311, extension 440). Season ticket purchasers also receive a free reserved parking permit.

Mrs. Mary Hollis and Debra spent two weeks visiting relatives in California, including Rev. and Mrs. John Holland and family of Los Angeles; Mr. and Mrs. W. W. Holland and family of Simi Valley and Mr. and Mrs. Ben Vicks and family of San Pedro. Highlighting their visit were tours of Marineland, San Pedro Beach, Disneyland and Universal Studios.
